Vehicle Registration Fees to Increase

The 109th Legislature has passed a bill increasing motor vehicle registration fees. The following fee increases will go into effect July 1, 1979.

(1) Transfer fees for all classes of vehicles will increase from \$5.00 to \$8.00.
(2) Passenger cars and trucks registered for 6000 GVW will increase from \$15.00 to \$20.00.
(3) Commercially registered trucks will increase according to GVW.

The Planning Board, at their upcoming meeting on June 27, will work on their review of the town's subdivision regulations and the standards and procedures by which the municipality examines new developments that involve groups of three or more lots.

Bethel Water District Supt. Richard Enright will attend to talk with the Planning Board about standards for provision of adequate and safe water supplies to new developments. Please note that the Planning Board will meet in the Bethel Town Office rather than in the Savings Bank Meeting room as was previously announced.

The Board of Selectmen will meet in regular session on Monday evening at 7 o'clock in the Bethel Savings Bank meeting room. Agenda items will include: a public hearing on the establishment of a 25 mph speed limit on the Old Grover Hill Road, discussion with the Recreation Board regarding recreation programs and future plans, discussion with Water District trustees regarding the proposed rate increase, signing of an amendment to the Sewer System study to include Sludge Site Selection analysis, consideration of appointments, and routine business.

The Board of Appeals will meet on Wednesday, June 27, at 7 p. m. in the Bethel Fire Station to consider the appeal by Douglas Scott d/b/a Sudbury Inn of the Board of Selectmen's revocation of his Special Amusement Permit.

ATTENTION HUNTERS

The Dept. of Fisheries & Wildlife has proposed closing the Deer Hunting season in this area for three years in response to low deer kill. Commissioner Glenn Manual will make this decision soon on which zone to close. One being considered is Gilead-Bethel North of the Androscoggin River to the Canadian line.

If you wish to object to the closing of this area, please contact the Commissioner at 284 State St., Augusta, Me. 04333. Letters must be received by June 25.

M. S. A. D. #44 DIRECTORS APPROVE PERSONNEL AND AGREEMENT MONDAY NIGHT

The board of directors of M. S. A. D. #44 held a regular meeting Monday evening at the Telstar Library.

Mrs. Alice Hoyt was present for her first meeting since her appointment to serve as school director by the Woodstock selectmen. Mrs. Hoyt will serve until Woodstock's 1980 annual meeting, filling the vacancy caused by Brian Stowell's resignation.

Supt. Kenneth Smith reported that a recent water problem at the Locke Mills School necessitated a half day loss of school, and that there was also a break-in at the Bethel Bisbee School. Mr. Smith also had received a letter from parents of students at Woodstock Elementary School, expressing appreciation for the efforts of Mrs. Eleanor Tracy, teaching principal, at the school and in the promotion of town/school relations.

The board approved Jeffrey Benson of Readfield as a teacher in continued on Page Eight

TELSTAR FACULTY HONORS MR. KENISTON ON RETIREMENT

On Thursday, June 14, the Telstar faculty held a reception in honor of Floyd Keniston, Telstar industrial arts teacher who has taught in Maine schools for 28 years. He had been at Telstar since the fall of 1951, and previously, at Woodstock High School beginning in 1955. Mr. Keniston began his teaching career in Washington in 1951. Over 150 friends, students and associates of Mr. Keniston gathered in the Telstar cafeteria to honor the retiring teacher.

Following introductory remarks the principal, Dr. Wayne Gersen, Telstar faculty members Ann Holt and Rod Abbott "gently" roasted Mr. Keniston, to the delight of both the honored guest and the audience. Miss Cheryl Lord, a Telstar teacher, offered two song selections, and Dr. Gersen read a letter from Clinton Cushman, a former student of Mr. Keniston who now teaches building trades in Southern Arrostook County.

The program concluded with comments and gifts from the audience. Among the gifts were: a fishing bag handed in by Julie Dyer, a former night school student of Mr. Keniston; a shop apron autographed by the Telstar

faculty; shop towels presented by Telstar student David Dyer, and former Telstar student, Ross Swain; a "post card" from greater Newry presented by Martha Gauthier; and a plaque presented by Kenneth Smith, superintendent, on behalf of the Board of Directors of S. A. D. #44.

EDUCATION WORK COUNCIL IN-SAVINGS BANK BUILDING

The Bethel Area Community Education Work Council plans to move its office from Telstar Regional High School to the Bethel Savings Bank. Arrangements are being made with the Savings Bank for the Council to occupy the second floor space above the main banking area.

To find the office, enter through the Main Street bank door and proceed up the stairs on the right hand side. The Council hopes to complete the move by July 2.

With the upcoming move, the Council will begin work on a Community Career Development Service. The Career Development Service will provide assistance to area residents in making long range career plans. The Development service is not a job placement service, but will work with individuals in planning what their future career goals are; what kinds of further education, training or experience will be helpful in pursuing those goals; and how one can get the necessary training or experience. The Council is looking forward to working with the community from its new location.

Large Attendance at Telstar's 11th Commencement

The eleventh graduating class of Telstar Regional High School held their commencement on Friday night, June 15, before nearly 1,500 spectators at the Telstar athletic field.

Following the procession of the class of 1979, led by class marshals Jeff Hastings and Melanie Swan, senior class Co-Chairman Judy Haines, pronounced the invocation. Dr. Wayne Gersen, Telstar principal, then introduced class officers Tania Hathaway and Betsey Mills who welcomed the parents,

SPECIAL EVENTS AT THE PLAYGROUND THIS YEAR

The four weeks of this year's Summer Playground are crammed full of special surprises and activities. First, there's the Tot's Doll Carriage and Bike Parade, on Friday, June 22, at 11 a. m. This parade is for tots only, of ages 3-5. It is a great time for showing off their decorated doll carriages and bikes. Prizes will be given to the best all-around bikes and carriages.

Then, there will be the Friday morning Theatre Production, on July 6, 10 a. m. Natural talent and abundant creativity marks this annual event, when all the playgrounders act out a selected short play for parents and friends.

Later on, during the second session, the Mini Match will be the featured event (Aug. 3). The children will compete for the silliest of things. A Creative Writing and Drawing Contest will wind up the summer with the Big Event—the Playground Olympics. Egg throws, Crab Walks, Broad Jumps, and many more games will highlight the day-long drama at Gould Field. Do YOU want to join the fun?

Get your registration form at the Town Office next week, and we will see you on the playground (Crescent Park School) on June 25.

KIMBALL FAMILY REUNION AT GRAY JUNE 23

Chairman Gordon L. Kimball of Gray, is pleased with many inquiries about the State Reunion planned for all Kimball descendants of Richard Kimball (Spencer, Mass.) to be held at the Gray Grange Hall on June 23.

Registration will begin at ten. Everyone will find coffee and doughnuts waiting but are asked to bring their own lunch unless visiting local restaurants preferred.

Mrs. Gordon Kimball is in charge of prizes given the Maine Kimball coming furthest distance. There will be a prize, too, for the Kimball coming furthest from out of state, and for oldest present.

The day will be spent in visiting and an informal workshop to gather information on all Kimballs attending, for the Family Records. No entertainment is planned, but everyone attending will be helped to become acquainted with their family history. There will be discussion as to holding future State Reunions.

Inquiries have come from Aroostook to York County, and also from Maine natives residing outside Maine. Some members of the National Kimball Association have plans to attend. The chairman hopes that every Maine Kimball, who is interested in knowing his ancestry and meeting Kimball "cousins" will attend. All Kimballs are descended from ancestor in common, Richard Kimball.

Anyone wishing to make inquiries may write Gordon L. Kimball at Gray, Maine 04039, or Elizabeth M. Carter, Box 44, West Bethel, Maine 04286.

WOODSTOCK VOLUNTEERS HOLD MEETING

Thursday evening, June 7, the Woodstock volunteers held their last meeting for this school year. The field day activities for June 11 were discussed with a list of events for the day read and snack and lunches for the day taken care of.

It was reported that \$55.24 was made on the food sold at the June 5 program. It was decided that next year the ingredients for these sales will be bought with people volunteering their time for cooking.

It was also decided one of the projects for the coming year will be to purchase games, toys, etc., for inside play. Quota Billings will get a list of items wanted from each teacher.

Ways of raising money for next year were discussed with several good suggestions to be worked on.

Chairman Kathy Taylor gave a schedule of meetings and events for the 1979-80 school year as follows: Aug. 23, 7 p. m., parents meeting; Sept. 20, 7 p. m., parents meeting; Oct. 2, 7 p. m., open house; Oct. 11, 6:30 p. m., parents meeting; Oct. 13, walk-a-thon; Oct. 20, family barn dance; Nov. 1, 6:30, parents meeting; Nov. 10, Christmas bazaar; Dec. 13, 6:30, parents meeting; Jan. 3, 6:30, parents meeting; Feb. 12, 6:30, parents meeting; March 6, 6:30, parents meeting; April 17, 6:30, parents meeting (new officers elected); May 6, 6:30, parents meeting (new officers assume positions).

MEETING FOR PLAYGROUND VOLUNTEERS

There will be an important meeting for all those who will be volunteering time on the Summer Playground this summer. Anyone wishing to spare an hour or more to work with a group of great kids is urged to attend this meeting. The purpose of the meeting is to discuss exactly when and what times volunteers will be on playground, what special activities they would like to conduct, and to discuss the playground program altogether. The meeting is at 7:30 p. m. at the Bethel Public Library on June 21.

Mrs. Elaine Packard, Mrs. JoAnn Royer, Bethel, and Mrs. JoAnn Keniston, Heather and Heath, were in Boston Wednesday to meet Mr. and Mrs. Richard Packard and visit the aquarium.

HISTORICAL SOCIETY HEARS DR. JOHNSON ON SHAKERS

Brother Theodore Johnson of Sabbathday Lake, United Society of Believers, was the featured speaker at a well-attended monthly meeting of the Bethel Historical Society held Thursday evening in the meeting room of the Dr. Moses Mason Museum. Bro. Johnson, who has written some fifty books and articles on the Shakers and resided at Sabbathday Lake for the past nineteen years, explained that the Shaker movement began in this country with the coming of Mother Ann Lee and several followers to America from Manchester and Bolton, England, in 1774. The basic principles of the Shaker Order are non resistance, community of goods, universal brotherhood and celibacy.

Ebenezer Cooley, a pewterer, was the first person to bring Shakerism to Maine at Gorham in 1780. John Cotton was also active in Alfred. Eventually seven communities were established in Maine, at Alfred, Gorham, Poland

and New Gloucester. These may have reached their peak in the 18th century but certainly after the Civil War Shakerism began to decline in Maine as well as nationally. Many communities ceased to exist by 1900 and several failed later in the century.

The Shakers have made many contributions to American life with their emphasis on the simple. Wooden items, herbs and the packaging of seeds are also often associated with them.

Brother Johnson described in some detail the beliefs of Shakers and in the question and answer period provided information about the community at Sabbathday Lake.

M. S. A. D. #44 DIRECTORS APPROVE PERSONNEL AND AGREEMENT MONDAY NIGHT

The board of directors of M. S. A. D. #44 held a regular meeting Monday evening at the Telstar Library.

Mrs. Alice Hoyt was present for her first meeting since her appointment to serve as school director by the Woodstock selectmen. Mrs. Hoyt will serve until Woodstock's 1980 annual meeting, filling the vacancy caused by Brian Skowell's resignation.

Supt. Kenneth Smith reported that a recent water problem at the Locke Mills School necessitated a half day loss of school, and that there was also a break-in at the Ethel Bisbee School. Mr. Smith also had received a letter from parents of students at Woodstock Elementary School, expressing appreciation for the efforts of Mrs. Eleanor Tracy, teaching principal at the school and in the promotion of town/school relations.

The board approved Jeffrey Benson of Readfield as a teacher in continued on Page Eight

TELSTAR FACULTY HONORS MR. KENISTON ON RETIREMENT

On Thursday, June 14, the Telstar faculty held a reception in honor of Floyd Keniston, Telstar industrial arts teacher who has taught in Maine schools for 28 years. He had been at Telstar since the fall of 1968, and previously, at Woodstock High School beginning in 1955. Mr. Keniston began his teaching career in Stonington in 1951. Over 150 friends, students and associates of Mr. Keniston gathered in the Telstar cafeteria to honor the retiring teacher.

Following introductory remarks by the principal, Dr. Wayne Gersen, Telstar faculty members Ann Hoyt and Rod Abbott, "gently" roasted Mr. Keniston, to the delight of the audience. Miss Cheryl Lord, a Telstar teacher, offered two song selections, and Dr. Gersen read a letter from Clinton Cushman, a former student of Mr. Keniston who now teaches building trades in Southern Arrostook County.

The program concluded with comments and gifts from the audience. Among the gifts were: a fishing bag handed over by Julie Daye, a former night school student of Mr. Keniston; a shop apron autographed by the Telstar

faculty; shop towels presented by Telstar student David Daye, and former Telstar student, Ross Swain; a "post card" from greater Newry presented by Martha Gauthier; and a plaque presented by Kenneth Smith, superintendent, on behalf of the Board of Directors of S. A. D. #44.

EDUCATION WORK COUNCIL IN SAVINGS BANK BUILDING

The Bethel Area Community Education Work Council plans to move its office from Telstar Regional High School to the Bethel Savings Bank. Arrangements are being made with the Savings Bank for the Council to occupy the second floor space above the main banking area.

To find the office, enter through the Main Street bank door and proceed up the stairs on the right hand side. The Council hopes to complete the move by July 2.

With the upcoming move, the Council will begin work on a Community Career Development Service. The Career Development Service will provide assistance to area residents in making long range career plans. The Development service is not a job placement service, but will work with individuals in planning what their future career goals are, what kinds of further education, training or experience will be helpful in pursuing those goals; and how one can get the necessary training or experience. The Council is looking forward to working with the community from its new location.

The board would also like to take this opportunity to inform their members that the office will be closed from July 1 through July 8. Therefore, please make arrangements to take care of whatever business you may have prior to July 1 during regular office hours. (Monday thru Friday from 1:00 to 4:30 p.m. and Saturday from 9:00 to 10 a.m.)

Greenwood City

— Mrs. Colista Morgan, Corres. —

I was completely stunned and confused for a time at receiving the news of the death of my sister, Bertha Nottage, on the evening of June 15. As I visited her at the hospital the day before, she had a smile and seemed to have won her battle for life.

She was born in Greenwood, July 2, 1910, the sixth of ten children and next younger than I.

Like me she loved the out of doors; the flowers, hills, and nature. Her flower gardens and vegetable gardens were a joy to her. She certainly had a "green thumb" and shared her flowers and harvest with many. She also put in her cellar hundreds of jars of fruits and vegetables; a beautiful sight.

But, unlike me, she loved to work with animals which was apparent by the fact that she, for years tended the herd of cows when her husband became ill and unable to do so. She made 40 or more pounds of butter a week.

Any task on the farm she could do with "know how" and loved to do it.

Her children, grandchildren, and friends always found cookies, pie, or doughnuts and coffee ready when they came or just dropped in for a few minutes.

Rich? No, not as some think of richness but rich in hospitality, humor, ingenuity, courage and understanding.

She was a mother and "grammie" dear to the heart, who knew them all and loved them from the start.

She will be judged, I think, by the love she offered, gave, and shared; the personal love of family, friend and neighbor. There was another love which can't be put into words, the love and service to her God.

As a sister I shall think of her with the likeness to a full blown rose, each velvet petal a happy memory. The sweetness grew with the years of love, understanding and sympathy.

The house is empty to her husband, children and grandchildren. We miss her.

Sunday River

— Mrs. R. M. Fleet, Corres. —

Alva Morrison had company the first of the week.

Miles Brooks and a driver friend called on his sister, Julia Fleet, Thursday, from South Windham.

There was a large gathering at the Telstar graduation Friday evening. It was very interesting.

There were thunder showers all around us but all we had was thunder, not even one drop of rain.

Sent in by Mrs. Eva Yates: Tuesday, June 19. Did you ever lift the cover to your stove and have a bat fly out at you? That was the case at our place this morning. Sort of a surprise!

Everything on Sunday River survived the heat wave. Some picked up colds, if the rumors I hear are correct.

Mrs. Peggy Blake was in Lewiston Friday to see an eye doctor.

Bear River Grange is having Guest Officers Night, June 23. A supper will be served, but not pot luck! All Grangers are to get another Granger to fill their office. It is hoped for full cooperation for the sake of the lecturer. So come and bring a friend. Supper at 6 o'clock.

Everyone is busy with their gardens and "Oh how the weeds do grow! Why can't the crops grow that fast? Any answers?"

Ernest and Esther Balentine of West Paris called on the Yates one day this past week.

Several from Sunday River attended the Telstar graduation which reports say was very nice.

Mr. and Mrs. Bernard Hutchings were Friday evening callers of Russell and Eva Yates.

Schools close today. We shall miss having Jimmy Merrill come in to see us.

Keep smiling—Winter will soon be here.

Bodacious weather for the gardens. We can even hear the weeds growing. Just think of all the fuel oil we are saving, also gasoline, as we sit at home in the shade. Where is it? The American Legion parade at Portland had a very hot day.

We extend our sympathy to the family of Mrs. Bertha Nottage of South Paris. She is free of all suffering.

Another beautiful June day. Yesterday afternoon we had showers and everything is looking so bright and green. New flowers are coming out each week. The iris, the peonies, the bridal wreaths are unusually pretty this year. (Were they given this name because June is the month of brides and almost every old home has a bush?)

Daisies, clover, Indian-paint brush and roses. Imagine in the by-gone days on the wedding day, young relatives of the bride going out into the fields to pick flowers. How beautiful some of these bouquets must have looked!

Monday that Larry Burdison had passed away at Thurston hospital, Sheila Thurston had her 15th birthday this last week and visited her father on that day. Father's Day, Lisa and Howard went in to visit.

About 25 girls from Telstar gave Mrs. George Guinness a surprise baby shower at Telstar.

Mr. and Mrs. George Guinness will be moving into the Thurston rent early next month. This is the little house before you get to the Barn Motel.

Mrs. Guinness will be working as a receptionist at NTL this summer.

Mr. and Mrs. John Laban and family, John's mother, Katrina Laban, and sister, Gretchen Wilson, went to Reid State Park, Father's Day. Mrs. Wilson and Mrs. Laban came down from Waterville, Saturday.

Jody Shimamura ran the lights for these performances also. Sue Angevine and son, Timmy, went to Portland Friday and visited her friend, Sandra Carson.

Mr. and Mrs. Victor Coolidge went to graduation at Telstar Friday evening.

Saturday, Mr. and Mrs. Victor Coolidge went to Portland Jetport to pick up Victor's niece, Brenda Barnhill, who flew in from Florida and will be visiting relatives for most of the summer.

Have had a hot (weatherwise) and busy week end. Friday my sister, Iva Holden, and cousin June Mohoney of Hingham, Mass., came for supper. Saturday we went to a Allen reunion at Papoose Pond camping area. We met a lot of friends and relatives we hadn't met for years. These are a lot of fun; but on a hot day like Saturday, we do get tired. From there we went over to the folks where June's father, Gordon Allen, was staying and visited. My grandfather, John Allen, and family, lived in Newry and had a store in Bethel. If anyone has any pictures or information on him, would appreciate having about it. Sunday, my nephew and family, Mr. and Mrs. Ben Tucker III and Ben IV, also Robert Tucker came for supper. Monday I had to take Ira's car to Bisson's in Berlin, N. H., as he is leaving today to work with my brother, Daniel Allen, in Canton. Monday afternoon I had business in Newry. On the way down I stopped in to see my friend, Mrs. Barbara Immonen (Barbara was in a bad accident Thanksgiving week and it still recovering from these injuries). I am missing a small spayed female grey tiger cat. She's been gone since Saturday. She never wandered very far so I assume she is injured if alive and would appreciate any information anyone might have. It is hard on a pet lover when you don't know what happened to them.

SUMMER FUN FOR TOTS

There's something for TOTS this year. The Bethel Bisbee School grounds will be open to all preschoolers, accompanied by an adult. The swings, slides, sand-boxes and picnic tables are all waiting to be visited by the local young ones. And parents can have a few restful moments as well, chatting with friends, or reading a good book or whatever catches the fancy. This is another way the Bethel Recreation Board is responding to the call for recreational opportunities in Bethel.

Tots Doll Carriage and Bike Parade

Again this year, 3-5 year olds are invited to participate in a parade just for them. Doll carriages and bikes are to be decorated, and they will be judged as "best decorated of the parade." This event is scheduled for 11 a. m., June 29 (Friday), at the Crescent Park School grounds.

DONALD (left) and DANA BROOKS

were presented the 1979 Spring Beautification Award by the Greater Bethel Chamber of Commerce.

In preparing to celebrate the firm's 60th anniversary, Brooks Bros., Inc., Bethel's Main Street hardware store, completely restyled the store's facade and as a result won the 1979 beautification plaque awarded by the local chamber of commerce.

Two generations of the Brooks family have operated the store and its plumbing, heating and heating fuel business. Since its incorporation 25 years ago, the firm which has been owned by the same family longer than any other business on Main Street has seen constant growth. The owners also take pride in the fact that all male employees are veterans.

This is the second annual award made to a local business for its beautification efforts. Behind the award lies the chief goal of the local chamber which is that of enhancing Bethel's attractiveness for the purpose of stimulating more retail business activity. Such efforts as those of the Brooks family have not gone unnoticed as "The Boston Globe's" 1979 Summer Guide calls Bethel "a handsome old town... (with) some respectable shops."

Mr. and Mrs. Tom Wheeler and family of New Hampshire have moved into the former Bisbee house on Spring Street. Mr. Wheeler is with the U. S. Forest Service.

Marine Corporal James J. Sweetser, son of Esther B. Sweetser, has reported for duty with 2d Force Service Support Group, Marine Corps Base, Camp Lejeune, N. C. A 1976 graduate of Telstar Regional High School, he joined the Marine Corps in November 1975.

Mr. and Mrs. Maurice Bouchard, Mr. and Mrs. Raymond Tripp, Nancy Young, Joe Taylor, Mr. and Mrs. Bob Lowe, Mr. and Mrs. Dana Brooks, Jeri Brooks, Laura Imman and Lucia Smith attended the American Legion Convention in Portland over the week end.

Allan Walker has been awarded a bachelor of arts degree in behavioral science, summa cum laude, from SUNY College of Technology, Utica, N. Y. A graduate of Gorham State and the Dante Program, he is the son of Mr. and Mrs. Donald Walker, Bethel.

Mr. and Mrs. Henry Heath of Lovell had a cook out on Father's Day. Attending were: Mr. and Mrs. Albert Heath and son, Jamie, of North Waterford; Mr. and Mrs. Peter Howard, Lorie and P. J., of Albany; Mrs. Nancy Heath's mother, Arlene, and son, of North Waterford; Mr. and Mrs. Russell Allen and sons, Mark and Kevin, of Lovell; Mr. and Mrs. "Gig" Smith of Bethel.

Dorothea Hooper is spending some time at the Billings and Twitchell farm recovering from her illness.

Jackie and Neal Tibbetts spent the week end with their grandmother, Esther Davis. Jackie had an attack of appendicitis and was taken to the Norway hospital where she underwent surgery Saturday morning.

I had a visitor this morning which surprised Blackie and me. In the shed when I let Blackie out at 5:45, there was a turtle

about the size of a big hand. Blackie sashayed around him. We have no idea how he got there. Deven put him in a box and dropped him near water.

Mary Brown was in the hospital at Norway a few days, having had a reaction from some medication. She came home Wednesday morning.

Friday night was graduation for my nephew, Mark Andrews from the Lake Region High School at Naples, so I went to Mr. and Mrs. Arthur Andrews, Mark's parents and attended the graduation exercises with them.

Saturday night I went to The One Bank at Oxford Plaza and watched the ribbon cutting ceremony. In the afternoon I went to Mr. and Mrs. Joseph Young's abode and they took me out to supper at the Methodist Church that

evening. Mr. and Mrs. Charles Cooper were over from Buckfield and we rode in their car to Bethel. They were also supper guests of the Youngs. We had a pleasant visit after we returned from supper. I saw a friend of my childhood days, Mrs. Celia Kimball Gorman, at the supper which was a very pleasant occasion.

Esther and Velma Davis called on me Tuesday evening. We tried to see the satellite at 9:50 but the cloud cover was too thick. Hope others had better luck.

Mr. and Mrs. Joseph Young took me to Gardiner with them where they had a picnic lunch with Mr. and Mrs. Hagel Johnston at their home. In the afternoon Mr. and Mrs. Johnston took us in to Augusta where we toured the State Museum. We found it very interesting. The exhibits are on three

floors, going down stairs, but there is an elevator to return to the main entrance, which we were glad to find. Everyone should avail themselves of the chance to take a trip to Augusta to see what we have in our state.

BETHEL BLUES FARM TEAM

The Bethel Blues Farm Team has been having a most enjoyable season. Their home field is in West Bethel. Players on the team are Chris Laban, Steve McLain, Howard Kimball, Toby Walker, Shawn Morrill, Jimmy Fiske, Jimmy Merrill, Scott Newton, Jonathan Head, Jeremy Head, Jeff Lyon, Stan Moore, Brian Bachelder, Travis Bachelder, Andy Smith, Kevin Kennison and Lawrence Garey. Really quite a line up. Coaches Hugh Chapman, Donnie Bachelder, Herb Lyon, and Emmie Merrill really make it a great team. Naturally, lots of the mothers have to do their part and everyone has a great time.

The team has played the two Rumford Point teams away and met the Andover team on their home field last Tuesday night and won! How about that! The grand slam home run hit by Chris Chapman followed shortly after with another home run by Howie Kimball helped them along.

The pitching staff varies from game to game; the hitting from the boys is improving with each practice.

Tuesday, June 19, the team had another home game scheduled with the Bethel Reds, coached by Irving York and George Gould.

TELSTAR HIGH SCHOOL AND MIDDLE SCHOOL OBLIGATION POLICY

A reminder to all parents of Telstar Regional High School and Middle School students:

Students who fail to return textbooks, library books, workbooks, locks, or other material issued by the high school and middle school will not receive their final rank cards or their 1979-80 schedules. These materials must be returned or restitution costs paid before rank cards or schedules will be issued.

FROM THE WATER DISTRICT:

Hydrant flushing was completed by the Bethel Water District last week. The operation was successful because the mains are cleaned and water flow through the system is improved as a result. The flushing is a bi-annual procedure.

The question of charging for water used to fill swimming pools has come up due to high usage rates shown on the District's flow metering system. Pools take on the average 30,000 gallons of drinking quality water. The Water District incurs costs by providing this large quantity of water and these costs must be passed on to the user even though it is a one time service. When, due to high and unaccounted for rates of flow, the District's employees suspect that pools are being filled without a purchase or service request, a double cost to the District is incurred. High flow rates indicate major leaks as well as the possibility that someone is using an unusual amount of water. Therefore, time must be spent searching for a leak which could otherwise be spent on regular operations and maintenance.

Customer charge for filling a 30,000 gal. pool is \$48 for the water. If the fire department transports water from a hydrant to a pool, billing by the town is a separate charge not included in the water charge. The District's billing procedure is consistent with Public Utilities Commission regulations. Charges are also made for water purchases requested by State or Federal agencies requiring a large volume of treated water. For example the Maine Dept. of Transportation used 33,000 gallons recently for cleaning bridges and they have been so billed.

By tightening up on water service billing, the District Trustees believe that previously lost revenues can now be obtained and result in more equitable customer charges.

Records of water flow rates are maintained at the District's office on Philbrook Street and are available for public inspection.

Safety Tip of the Week

Burns — For those common household burns such as hot coffee, spattered grease, or any other burn—Apply cold water but not ice water for 30 minutes. A probable second degree burn could possibly end as a first degree burn.
